IPSWICH HIGH SCHOOL

It's hard to believe that 1990 has finally rolled around. With the beginning of a new decade, we enter a whole new phase of our lives. This book marks a time and place that we will never again experience; it holds the loving memories of the four years that made us who we are today, and who we will be tomorrow. Congratulations, and best of luck to the class of 1990! -The Yearbook Staff

IPSWICH HIGH SCHOOL
CLASS OF 1990

IN MEMORY OF

Jonathan A. Carter

1971-1986

Whoever knew Jon wouldn't have thought he was sick. He didn't act it or look it, but the truth is, he was very ill. Jon did his best to hide the fact and would even joke about it. All he ever wanted to do was to be like everyone else. He wanted to play sports and go out with friends. His last operation was to give him that. Since the second Jon was born he fought to stay alive and was winning. He was a tough little kid with a big heart that wouldn't give up. Jon took that operation like any other normal day and was the least worried in the family about it. Jon decided he was finished fighting and today as many of us mourn our loss, we must remember that he is happy and that is what's important.

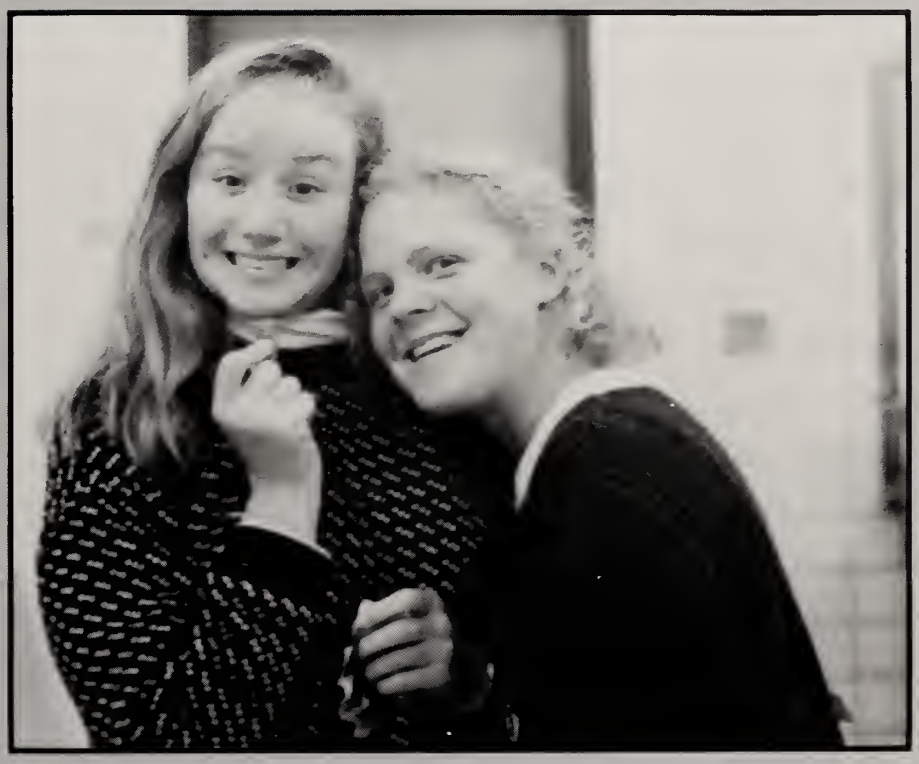
SENIORS

Who will be remembered for laying in a stream her junior year? Kim Alhowik



Finally we're seniors! We've waited so long to reach the top and gain the power that every senior feels as he or she walks down Senior Wing (which we fought for and won!)

We've all grown up a lot over these past few years. And now that we are seniors, the pressure builds up with the many responsibilities we seemed to acquire all of a sudden, like getting our college applications and essays in, visiting the schools of our choice, and still managing to have a good time.

With graduation come feelings of both happiness and sadness. We're glad to have made it through chemistry and geometry, but we're sad to leave the safe world we've gotten so used to. Maturity hits us like a slap in the face; who's seeing whom and what to wear somehow don't seem as important as they used to. Now we're off into the scary "real world" where we make ourselves what we want to be-doctors, writers, business professionals, etc. With so much ahead of us, it's good to know that we have our fond, secure memories of our days at Ipswich High School to look back on.

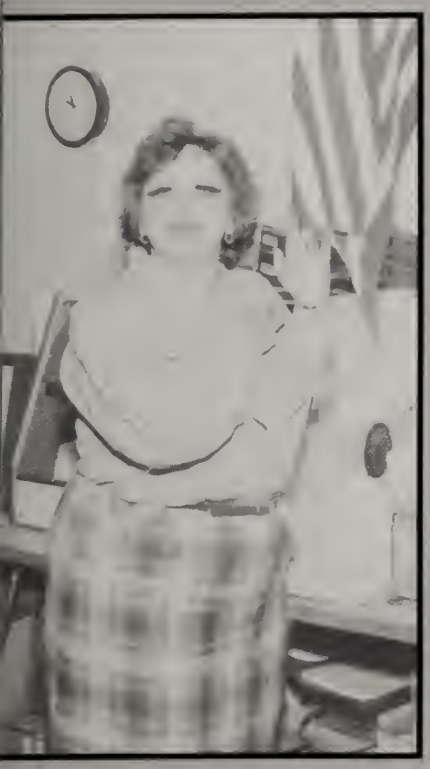
FACULTY

Who played on the U.S. Women's Rugby Team? Micki McVann - Who nicknames the unknown



One of the highlights at Ipswich High School is the faculty. This group of experienced and hard-working teachers enhance our days with wonderful theorems, chemical formulas, and the beloved "classics". Ipswich High School may be small in size, but the abilities of the faculty are far from it.

But the staff of IHS is not only composed of teachers. We have other familiar friends in the hallway: our custodians, the nurse, the office workers, and of course we will never forget the women who run the kitchen. These individuals are responsible for keeping IHS in order. Without them we would be learning in an environment of chaos.

Whether you're roaming from your English class, the Principal's office, or just hanging out in the bathrooms, you'll see the results of the hard-work of the faculty and staff. We seniors will never forget our teachers for many different reasons; it may be that "F" in Algebra, or those wonderful Latin games. Whatever the reason may be, we never would have made it without them.

UNDERCLASSMEN

What did Ben Hurd see in a Pinto? A Gremlin!! Hey Freshmen, what is the conversile van

The periwinkle, teal, and fushia stripes in the corridors of our school can be intimidating to those seeing them for the first time. Yet each year at Ipswich High School is special in its own way. Freshman year is exciting for students because it marks the beginning of high school, a giant leap from middle school. Sophomores look forward to their second year at IHS because they will not have to deal with being called Freshmen, and they are now able to tease the new students. Juniors, they know their stay at Ipswich High school is almost over, they have a prom and get their licenses. Of course the best year in high school is your senior year, but we must commend these underclassmen for making those first three years as productive and fun as possible.

"See you at the Math Meet . . . . . College Bowl!? Since when? . . . Oh well, see you at Key Club . . . . . Oh No! I forgot play practice!" Sound at all familiar? For most students it does. From the moment the alarm rings in the morning (after a couple of "snoozes") 'til our heads hit the pillow at night our lives are crammed full of activities we've devoted our time to. Though we sometimes may spend more time than we'd like to, we get things done and learn valuable things such as leadership, and co-operation. And whether it's sight-seeing in Italy, or running home to grab a bite to eat before the next meeting. I think we'd all agree that it's worth it.

POPULARITY POLL

The best movies of the year went to Lethal Weapon II and Bill and Ted's Excellent Adventure. In close second was Say Anything, Rainman, and the summer's biggest money maker Batman. Our most interesting votes came from a more mature audience, The Land Before Time and The Muppets Take Manhattan.

Two movies tied for the worst productions, The Abyss and War of the Roses, so how many of you actually payed $6.00 to see these flicks?

Those wacky newcomers, The Simpsons, were voted "best T.V. show," and The Wonder Years, with "Wanna-go-to-the-mall-Wayne" brought in enough votes to steal second place.

The "Alien Life Form" from Melmac, ALF, and his sitcom lost out in popularity, and doubled the second highest vote (Major Dad) for worst television sitcom. 21 Jump Street got both voted as best and worst program, tying in second for both categories.

Fav Favorite Song we got such a wide variety that we could not determine a winner. Some of the most interesting selections were: Anarchy in the U.K., Bohemian Rhapsody, Cherry, Cherry, New York Minutes, Joy & Pain, and Talkin' at Me. Others classics were Bust a Move, Over the Hills and Far Away, Truckin', Rock Lobster, and Comfortably Numb.

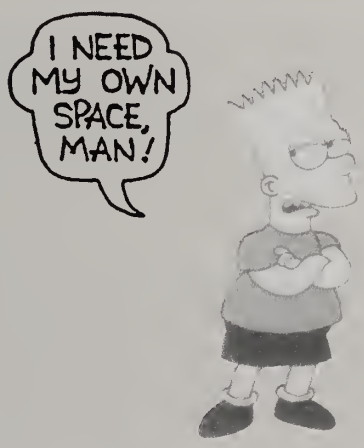
Anything and everything from Milli Vanilli and New Kids on the Block came in first for worst song. Others were Pump Up the Jam, La Bamba, any Tracy Chapman song, any song by Warrant, Love Bites, anything from Robert Palmer's seventies phase, and Niquita.

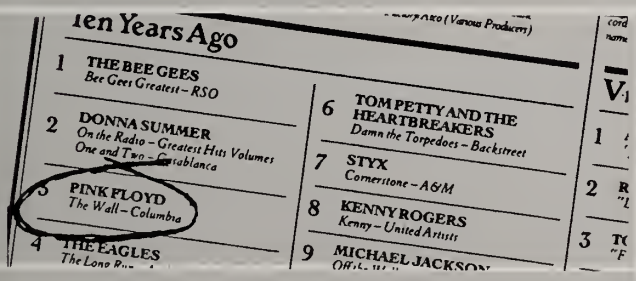
 Who is known as the "Italian Stallion" at IHS? Lou Gelsomini

Michelle Pfeiffer won for best actress, and to that one person who voted for "any" endowed actress, shame on you and your morals. Also raking in the votes were: Meryl Streep, Glenn Close, Kathleen Turner, and (cough, cough) Christina Applegate.

Those who weren't getting rave reviews with our audiences were, Molly Ringwald, Vanna White, Suzanne "Chrissy" Somers, Tammy Faye Bakker, and (the beautifully untalented) Paulina Porizkova.

Jack Nicholson, Mel Gibson, and (once again) Tom Cruise won our hearts for best actors, second was Keanu Reeves, for the Bill and Ted fans, and who is this with the Muppet fascination?! . . . Kermit T. Frog stole the show for most interesting vote. Sly Stallone, and Pee Wee Herman were voted worst actors.





Two classics, Led Zeppelin and Pink Floyd, won best band; refer to senior quotes to see who voted for which groups. Some 80s bands also gained recognition by our class: U2, REM, and The Cure. Yes, and we got a vote for Glen Campbell.

New Kids on the Block, coincidentally from Boston, were voted as worst band of the year . . . . by a wide margin. The moley men of Motorhead came in second for this category. Those hot dudes from Milli Vanilli came in for a close third. Oh, how well they dance!

Who sings Rockin' Robin at 4:00 AM? Kelly G. & Karin H. Tweet deedle-deet!

The concert freaks got their chance to shine here, we have fond memories of INXS, The Cult, Pink Floyd, and Dead shows. Others that came in close were Steve Miller, The Cure, David Bowie Glass Spider Tour, and Aerosmith.

And for concerts we can't believe you people actually paid (or would pay) to see were: New Kids on the Block, REO Speedwagon, Stevie Wonder, Madonna, Stryper, Debbie Gibson, Bon Jovi, and "Cherry, Cherry" himself, Neil Diamond.

Allright, allready, we get the point that Porsches are your favorite cars (you know what they say about men and their cars), but more were taken in by the homier, more broken in cars, for example: Adam's '82 Citation, Christine's "Fireball", and Dawn's "Winter" car. Oh ya, there was also something about an upside-down police cruiser??!!

The Ford Pinto ranked first place as worst car, other votes went to "the scout", Yugos, Jen C.'s and Terri's car also got votes.

The best fads chosen by our class were in first place, friendship bracelets, and anklets, senioritis, "the braid", turtlenecks, and vampires (hey Kell, wanna go to a party in Topsfield?)

Throughout the eighties, we've seen some pretty bad fads, rubber bracelets, neon, and banana clips just to name a few . . . BUT the class of '90 chose the best of the worst: sarcasm, animal print pants, the 70's (woo! BELL BOTTOMS), cigarettes, FRESHMEN, yes, here they are again, New Kids on the Block.

Which jobs were voted best in the Popularity Poll? Dairy Queen and Crane Beach

There were so many different responses to favorite saying that we once again could not determine a winner, but here are some of the good answers we got: "I said wa, na, na, na, na.", "If you swim alone, you'll die alone.", "Newsprint", "Today is June 10, 1990.", "Ya think so?", "religiousizing", and the most cliche of them all "Is that it?"

For the sayings that we'd rather not hear, most were unprintable anyways . . . . BUT, sayings along the lines of of what the wind does were by far the most popular votes cast. Others were: "How's your onion?", "Oh my head!", "You bum", "Dur", and for those of you who hang out in the library . . . "Please be quiet!"

Pizza was voted favorite food of all you ravenous people. You people obviously like Italian because lasagna, pasta primavera, and tortellini alfredo all got many votes. Chick's chicken fingers also ranked highly. McRibs and chicken pepperoni were our most interesting answers.

For food that we all could live without, liver and IHS cafeteria food both tied for first place. Some of the more interesting replies were Wong's, oat bran, moussaka, egg salad sandwiches, and "ckicken."

For best drink Coke tied for first place with a certain captain who sailed in with most of the votes. Most other votes cast were mixes of fruit juices and anything obtainable.

V-8, Yoo Hoo, and prune juice won for worst drinks. Other votes were: Moxie, Dr. Pepper, Jolt, school milk, slush puppies, and Shirley Temples.

What are the favorite hang-outs to the class of '90? Crane Beach & Chick's Roast Beef

What kind of pizza does the yearbook staff eat? Salami and mushroom (of coarse)

Well, it's been a long year for the yearbook staff- a long tedious year. But, there were some good times. There are a few people who must be thanked for what they've contributed . . . . Nancy and Juliana first off, we wouldn't have had the money to do this with out you two. The rest of the staff did anything and everything to get us finished by each deadline. Tom Keeley, the man who solved all of our problems, the IHS Administration (especially Mrs. Banville), Faculty (Mr. Marlow), and Joe Fife's House of Hinlin. But if there's anyone who should be thanked the most, it would be River View Pizza, who got us through those twelve hour school days, only a vampire could keep those hours! Ha ha!

Thanks everyone,

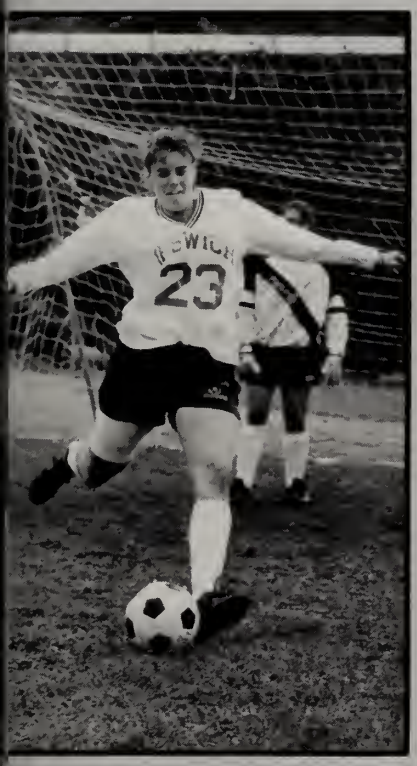
SPORTS

What's the most unusual training that the football team has? Pumpkin smashing - Who is



Although Ipswich High School is very small, the sports program here excels. This is because of the dedication of the coaches and the desire of the students to succeed.

The small size does not limit the number of sports that students can participate in. Athletics director Larry Hopping and his assistant John Thomas keep the program going.

At Ipswich, you don't have to be a super athlete to be on a team because there are no cuts; you just have to try your hardest.

This formula is successful when you consider the number of teams that go on to post-season play.

Students leave the high school knowing that they have grown from working with a team. They have memories of experiences they will never forget.
